

# Nurse Call Systems Part Repair

## We Repair, You Save!

When your nurse call station or other healthcare system components are found defective or are in need of repair, contact BEC's Nurse Call System Repair experts! We can repair almost any nurse call system component on the market, in addition to the internal printed circuit boards, and will be completed quickly at a fair price to you - and your first repair is on us!

We can repair master consoles, stations, and printed circuit boards from these manufacturers...

- Anacom MedTek
- Rauland Borg
- TekTone
- Hill Rom
- Stryker
- American Zettler
- Tyco

...and almost any other!

First item repair is FREE as a complimentary gift from BEC!

When you encounter an issue with a nurse call system component, **you don't have to replace it.** Save the *thousands* of dollars for a new system, and choose BEC to service your repairs!
