

TekTone® CA017K

Replacement String & Tassel Kit for SF123 (10 Each)

Description

The CA017K Replacement String & Tassel Kit is a replacement accessory for the SF123 Customizable 2-Button Pull-Cord Station. It provides replacement pull strings and tassels for restoring or maintaining the pull-cord function of the station. Each kit contains ten (10) replacement string and tassel assemblies.

Features

- Replacement string and tassel kit for the SF123 Customizable 2-Button Pull-Cord Station
- Restores proper pull-cord operation
- Factory replacement accessory
- Includes 10 replacement string and tassel assemblies
- Designed for quick field replacement during maintenance

Applications

The CA017K is intended for maintenance and replacement of worn or damaged pull strings on SF123 Customizable 2-Button Pull-Cord Stations installed in healthcare facilities, including:

- Hospitals
- Skilled nursing facilities
- Assisted living facilities
- Rehabilitation centers
- Long-term care facilities
- Bathrooms, showers, and other patient emergency call locations using SF123 pull-cord stations

UL Listing Information

The CA017K Replacement String & Tassel Kit does not have an independent UL listing. It is a replacement accessory intended for use with the SF123 Customizable 2-Button Pull-Cord Station, which is part of TekTone nurse call systems listed as:

- UL® 1069 Listed – Hospital Signaling and Nurse Call Equipment
- UL® 2560 Listed – Emergency Call Systems (where applicable)
- cUL® Listed to CSA C22.2 No. 205
- UL File Number: E71599
- RoHS Compliant
