

TekTone® CL120RM

2U Rack Mount Kit for NC120 CE Module

Description

The CL120RM is a 2U rack mount kit designed for the NC120 Central Equipment (CE) Module. It enables the NC120 to be securely installed in a standard 19-inch equipment rack. The NC120 CE Module may also be shelf-mounted and stacked when rack mounting is not required. The CL120RM rack mount brackets are included with the NC120 CE Module for rack installation.

Features

- 2U rack mount kit for the NC120 Central Equipment Module
- Designed for installation in a standard 19-inch equipment rack
- Provides secure mounting of the NC120 CE Module
- Supports professional equipment room and communications closet installations
- Included with the NC120 CE Module for rack-mounted applications
- Alternative to shelf-mounted or stacked installation methods

Applications

The CL120RM is intended for mounting the NC120 Central Equipment Module in healthcare communication system installations, including:

- Hospitals
- Skilled nursing facilities
- Assisted living facilities
- Rehabilitation centers
- Long-term care facilities
- Central equipment rooms and IT/network equipment racks for Tek-CARE®120 Nurse Call Systems

Compatible Systems

The CL120RM is compatible with:

- NC120 Central Equipment Module
- Tek-CARE®120 Nurse Call System
