

TekTone IH415W

Wall Mount Bracket for NC415A Master Station

Description

The IH415W Wall Mount Bracket is designed to securely mount the NC415A, NC415AV, or NC415G3 Master Station to a wall using a standard dual-gang electrical box with a dual-gang ring. It provides a flush, space-saving installation and serves as the wall-mount alternative to the IH415LD Desk Mount Housing.

Features

- Wall mounting solution for TekTone master stations
- Compatible with standard dual-gang electrical box and dual-gang ring
- Provides a clean, flush-mounted installation
- Alternative to the IH415LD Desk Mount Housing
- Factory-designed accessory for TekTone Tek-CARE® Nurse Call Systems
- Compatible with both audio and visual master station applications

Applications

The IH415W is intended for wall-mounted installations of TekTone master stations in healthcare facilities, including:

- Hospitals
- Skilled nursing facilities
- Assisted living facilities
- Rehabilitation centers
- Long-term care facilities
- Nurse stations and central monitoring locations

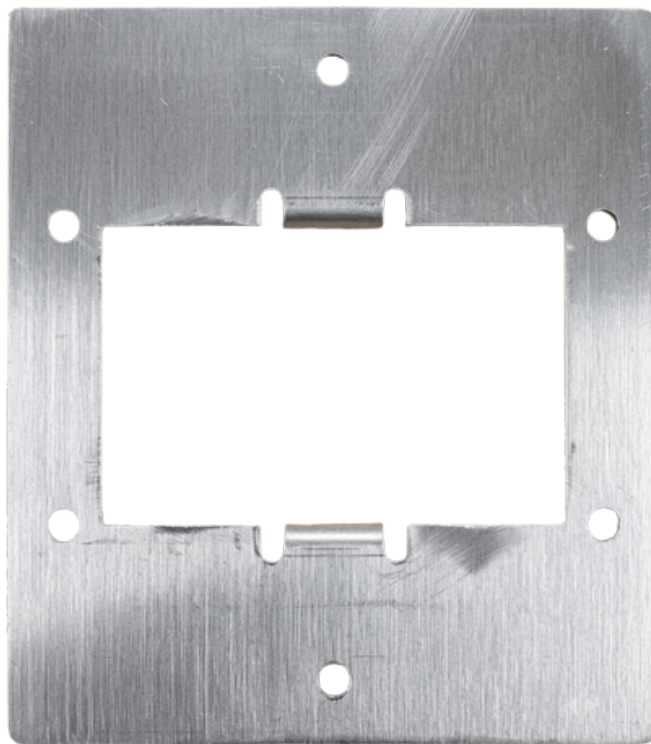

UL Listing Information

The IH415W Wall Mount Bracket does not have an independent UL listing. It is a mechanical mounting accessory intended for use with TekTone master stations.

When installed with a compatible master station, the complete assembly is part of a system listed as:

- UL® 1069 Listed – Hospital Signaling and Nurse Call Equipment
- UL® 2560 Listed – Emergency Call Systems (NC415A/NC415AV applications)
- cUL® Listed to CSA C22.2 No. 205
- UL® File Number: E71599
- RoHS Compliant
