DESCRIPTION

The Rauland R4KTVR1 Single Bed Digital TV Isolation Module is a shrink-wrapped module with two eight-conductor plug-in connectors and two three-conductor plug-in connectors. The module provides audio and data isolation between the UL listed digital TV and the Nurse Call System. One R4KTVR1 would be associated with a single bed station with one TV and two R4KTVR's would be associated to a dual bed station with 2 TVs. The compact size of the R4KTVR1 permits its easy mounting in a station backbox. The R4KTVR1 Single Digital TV Isolation Module is Underwriters Laboratories, Inc. listed (UL1069).
