Compression Fittings

3/8″ - 5/8″ (12-18 mm) Tubing and Dripline

Compression Fittings

Constructed of high-strength, corrosion-resistant ABS & polycarbontate plastics, DIG's compression fittings can withstand both hot and cold environments, and the harsh chemicals that are often used in irrigation. The high quality color-coded fittings are designed with an internal barb system that locks the tubing in place for a simple, effective and economical approach to connecting polyethylene tubing and dripline with no gluing or tools needed.

Features

- Color coded
- Secure and easy installation without glue or clamps
- Made of high-strength, UV-resistant plastic for extended operation in harsh conditions
- Resistant to common chemicals used in residential, commercial and agricultural applications
