

Carbon Dioxide (CO2)

BADGER EXTRA CARBON DIOXIDE (CO2) SELF-EXPELLING EXTINGUISHERS

Clean, effective extinguishing agent for Class B and C fires. These quality industrial fire extinguisher models are extremely versatile and ready to tackle flammable liquid and electrical fire hazards. They are ideally suited for indoor applications where delicate equipment or processes require a clean extinguishing agent.

Carbon Dioxide is an effective and clean gaseous extinguishing agent that does not damage equipment or leave any residue to clean up. These models are suitable for use on Class B and C fires.

FEATURES

- Heavy-duty chrome plated brass valve
- Stainless steel handle, lever and hose band
- Aluminum internal siphon tube
- Five-year periodic hydrostatic test interval
- UL Listed, USCG approved and meets DOT requirements
- Easy-to-read two-piece nameplate
- 5, 10, 15 and 20 pound models available
- DOT-3AL and TCM-3ALM specification cylinders
- Cylinders marked "Non-Shat" per Federal specification RR-C-901E
- 5# Models also feature Insulated Discharge Horn for added operator safety
- Six-year limited warranty

Models Available

Agent	Carbon Dioxide (CO2)			
Model	B5V-2	B10V-1	B15V-1	B20V-1
