PRODUCT STORY— *Iconic Collection*

Celebrate 40 years of Australian Gold®! The Dark Tanning Accelerator formula that we all know and love has been enhanced. With Native Australian Oils and Vitamins A and E, this blend is a superior tanning formula that allows your natural pigmentation process to tan as fast as nature allows and maximize melanin production! Biosine Complex® and Biocide® leave skin feeling smooth and smelling fresh. Australian Gold's signature DermaDark®, ColorGuard® Tattoo Protection and ActiveAloe® add a classic touch to our exotic blend! The 40th Anniversary Edition Dark Tanning Accelerator is available for a limited time only, celebrate our birthday bronzed!

SKINCARE TECHNOLOGY

ActiveAloe®: Certified by the Aloe Science Council, our Aloe is concentrated. Derived from the leaves of the Aloe Vera plant, it helps soothe, soften and moisturize for smooth, healthy skin. It contains vitamins, fatty acids, antioxidants, and minerals, and is traditionally known as the “Super Plant.”

Biosine Complex®: This specially formulated complex, infused with Tea tree Oil, Olive Oil, and Panthenol is designed to bring the skin to new heights. *Tea Tree Oil* is a pure essential oil, known to have natural anti-microbial properties, preventing after tan odor. *Olive Oil* contains antioxidants and hydrophilic properties to create a protective barrier that traps moisture on the skin. *Panthenol* contains Vitamin B for a deep-penetrating skin moisturizer.

Vitamins A & E: This blend of vitamins helps protect skin against external aggressors with their antioxidant properties. Renowned for its ability to grant lavish moisture and velvety softness.

DermaDark®: An enchanting natural color enhancer that provides streak-free radiance; also builds color gradually with daily use even without UV exposure.

Biocide®: Infused with a transformative power known to help provide odor neutralization based on fermentation technology and antimicrobial properties.

ColorGuard™ Tattoo Protection: Tiger Grass fortifies the skin's natural collagen production, ensuring a canvas of ravishing smooth, soft skin. Its exceptional moisturization properties protect tattoos from fading and preserve their brilliance.

AVAILABLE SIZES

8.5 oz Bottle | .5oz Packette
