HOW TO USE

This product is intended for UV tanners. Before using the tanning bed, apply the bronzer to the skin with your hand or a mitt in a circular motion. Wait at least 2-3 hours before showering to allow for full color development. For optimal results, pair with a tan-extending moisturizer. Avoid contact with eyes and delicate facial skin.

LOTION TECHNOLOGIES

COLOR TECHNOLOGY

50X Amplified Dark Bronzer

- **DHA** provides gradual and delayed long-lasting color. It works by reacting chemically with the amino acids that are present in the stratum corneum to give an optimal glow
- **Banana** helps even out skin tone and balance skin moisture levels. Melanin precursor, L-DOPA, helps with deeper color development
- **Annatto & Caramel** offers immediate color to guide streak-free application

SKINCARE TECHNOLOGY

- **BioActive Complex** boosts skin hydration, firmness and elasticity for a youthful look
 - **Amino Acid Sugar & Aloe** offer hydration that helps replenish, soothe and soften skin
 - **Pea Extract & Bamboo Silica** help improve skin texture and support elasticity
 - **Carrot Seed Oil and Caffeine** help protect against environmental stressors while energizing skin and improving the appearance of firmness
- **Techno Tattoo Blend** combines Vitamins C & E to preserve and protect tattoo vibrancy

- **Barrier Bind** moisturizes and helps improve the look of skin
 - **Niacinamide** helps minimize the appearance of enlarged pores for improved texture and helps even out skin tone
 - **Pro-Vitamin B5** attracts moisture, protecting the skin from dehydration
- **Moisture Matrix:** Silicone and a nourishing blend of skin softeners provide a silky, easy glide feel while hydrating, smoothing, and conditioning the skin
- **Biosine Complex®** offers an advanced combination of ingredients that soothe, softens, and moisturizes for maximum tanning results
- **Enticing Hemp Seed Oil** conditions and moisturizes for a radiant, youthful glow
