LOTION TECHNOLOGIES

SKINCARE TECHNOLOGY

- **Tan Extending Technology**

- **Alpha Lipoic Acid** is known for its antioxidant properties that help support smoother, more youthful-looking skin
- **Copper** energizes skin and supports a healthy-looking, revitalized glow
- **Glycerin** seals in moisture for lasting hydration

- **Firming Blend with Shave Minimizers**

- **Caffeine** tightens the look of skin while supporting a smoother shave experience to help minimize the appearance of regrowth between shaves
- **White Birch Extract** helps tone and smooth the look of skin while supporting a firmer, more refined appearance
- **Silkflo** delivers a light, silky glide that helps razors move effortlessly while leaving skin soft and smooth
- **Silicone** creates a barrier for your skin to reduce irritation

- **Ethereal Anti-Aging Complex**

- **Phyto-age™** promotes healthier-looking skin for everlasting age-defying care
- **Vitamin C** helps to improve skin radiance

- **Guardian of Your Skin**

- **Vitamin A** neutralizes free radicals and protects the skin
- **Vitamin D** calms inflammation and improves cell turnover
- **Vitamin E** enhances moisturization and strengthens the skin's barrier

- **Black Cohosh Extract**

- Helps skin's ability to rejuvenate by improving hydration and protecting against external stressors, helping to give an age-defying look while diminishing the appearance of lines
