CASHMERE BRILLIANCE™ LUMINOUS CC CREAM

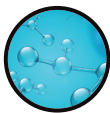

Flawless Facial Tinted Intensifier for an All-Day Airbrushed Glow
with Ceramides & Collagen Boosting Peptides

Indulge in the luxurious airbrushed glow of your dreams with Cashmere Brilliance™ Luminous CC Cream. Our revolutionary formula is more than just a tanning product; its powerful skincare ingredients including Hyaluronic Acid, Niacinamide, Ceramides, and Copper Peptides will help rejuvenate and revitalize skin to boost Collagen for radiant glowing results.

Featured Ingredients

Hyaluronic
Acid

Peptides

Jojoba
Oil

Aloe Vera

Tanning Benefits

- **Tan Maximizers:** Enhances Melanin production during UV exposure for darker tanning results in a shorter period of time.
- **Tyrosine:** Amino Acid that helps to increase melanin production to enhance the body's natural tanning process for a more effective tan.
- **Melanin Activating Peptide:** String of proteins that is known to help stimulate Melanin synthesis, producing a darker tone.

Skin Care Benefits

- **Aloe Vera:** An extract from the leaves of the Aloe Barbadensis plant known to have healing and soothing properties. It also helps condition, rejuvenate and restore moisture balance to the skin.
- **Vitamin B5/C/E:** Our Vitamin blend is packed with antioxidants that shield skin from free radicals and stimulates collagen synthesis. Panthenol or Pantothenic Acid is an essential nutrient for healthy skin that is a humectant to hydrate and retain moisture in the skin. Ascorbic Acid helps to brighten, soothe damaged skin, and reduces the appearance of fine line and wrinkles. And Tocopheryl Acetate helps protect against sun damage, conditions skin and maintains skin's natural moisture barrier.
- **Vitamin B3:** Niacinamide (Retinol alternative) helps to restore skin's defense against moisture loss, evens out skin tone, builds keratin and restores the lipid barrier. Suitable for all skin types, helps prevent premature signs of aging and boosts collagen.
- **Caffeine:** Helps reduce puffiness and the appearance of fine lines and wrinkles.
- **Jojoba Oil:** An extract from the bean of the Jojoba plant with a high Lipid content. This renewable source of high quality conditioning for the skin is excellent for all skin types.
- **Ceramides:** Helps to moisturize and strengthen the protective skin barrier and prevent moisture loss from the skin. Hydrated skin can help minimize the appearance of fine lines and wrinkles, which are often more visible when the skin is dry.
- **Hyaluronic Acid:** Good water-binding agent helps provide defense against water loss in skin. Its anti-aging properties stimulate collagen production and boosts skin elasticity.
- **Copper Peptides:** Naturally occurring Amino Acids that help produce collagen and elastin while reducing the appearance of fine lines and wrinkles.

Fragrance: Cashmere Elixir with notes of Black Currant, Violet Flower and Amber.
