- Super Antioxidant Amla Berry
- Skin Perfecting Niacinamide
- Powerful Copper Peptides
- Coastal Lipid Complex
- Tattoo & Color Fade Protecting
- Salted Soleil Fragrance

BENEFITS:

- Indoor/Outdoor Glowing DHA Bronzer – Low-level DHA and luxe natural bronzers veil the skin in sophisticated, sun-kissed color for a polished, luminous glow inspired by the effortless radiance of the Mediterranean coast.
- Coastal Lipid Complex – A luxurious blend of skin-loving lipids that replenishes essential moisture while leaving skin feeling silky-soft, supple and beautifully conditioned with a smooth, refined finish.
- Vegan Collagen – Helps to strengthen and condition the skin to visibly improve texture and suppleness while also helping to restore skin's natural bounce and resilience, diminishing the look of fine lines and wrinkles.
- Striover™ – Utilizes a combination of two plant-based compounds that help improve energy in the skin to increase elasticity and reduce the appearance of stretch marks.
- SymBronze® Green – Derived from microalgae, this extract enhances skin complexion and encourages a darker tan, leaving the skin with a flawless airbrushed finish.
- AlgaSurge™ Dewy Hydration – Delivers rapid hydration, helps visibly smooth the skin, and leaves a moisture-locking veil to support a more youthful-looking complexion.
- Amla Extract – A powerhouse antioxidant rich in vitamin C that helps brighten, revitalize, and defend against dullness for a more radiant-looking complexion. This superfruit infusion supports smoother, healthier-looking skin while enhancing overall glow and vibrancy.
- Niacinamide – Helps to improve skin elasticity, fight breakouts, even out skin tones and enhance skin's natural barrier to lock in moisture.
- Copper Peptides – A skin restoring peptide that works as an antioxidant and promotes collagen and elastin repair to help reduce the appearance of scars and stretch marks.
- Tattoo & Color Fade Protectors – Protects the color and luster of tattoos and tanning results.

KEY SELLING STATEMENT:

The dress code? Effortlessly subtle bronzers with unmistakable allure. Meet Coastelle Azure™ - your invitation to a more polished kind of glow. This Mediterranean-inspired bronzer delivers a sheer veil of sun-kissed color for an effortless, resort-ready finish that looks luminous, refined and never overdone. Prestige color-enhancing technology helps promote a soft, radiant-looking bronze, while smoothing and perfecting ingredients refine the appearance of uneven texture and visible imperfections. Vegan Collagen, Copper Peptides and Niacinamide help skin appear firmer, more elastic and beautifully sculpted, as marine-powered moisture support and Coastal Lipids replenish hydration for a supple, silk-smooth finish. Vitamin C-rich Amla Berry helps brighten and revitalize the look of dull skin for a fresh, naturally radiant finish.

Understated. Elevated. Iconically sun-kissed. Coastelle Azure™ - the art of looking effortlessly bronzed.
