BENEFITS:

- Blue-Hued Plateau Breaking Optimizer– This color-correcting formula drenches skin in rich hydration and luxe coastal color without DHA while enhancing UV, sunless, and spa sessions.
- NMN-Activated NAD+ Complex – An advanced cellular-energy complex that helps support skin vitality and renewal, promoting a smoother, more radiant, youthful-looking complexion.
- ATP Skin Performance Complex™ – Supports cellular energy production to help skin perform more efficiently during UV exposure, light therapy, and sunless development for enhanced color performance and visible skin vitality.
- Light Activated Photosomes – Used with any light therapy and helps protect the skin's immune system.
- pH Balancers – Helps the skin achieve optimal pH levels, leading to smoother application and more even color development.
- AlgaSurge™ Dewy Hydration – Delivers rapid hydration, helps visibly smooth the skin, and leaves a moisture-locking veil to support a more youthful-looking complexion.
- SymBronze® Green – Derived from microalgae, this extract enhances skin complexion and encourages a darker tan, leaving the skin with a flawless airbrushed finish.
- Sea Buckthorn Berry – Helps with improving the skin's tone and texture, protects against moisture loss and strengthens the natural barrier to protect against dehydrating environment elements.
- Blue Green Algae – Helps to detoxify the skin while also improving skin elasticity.
- Marine Bio Retinol – Suitable for sensitive skin, this blend contains a retinol alternative to deliver outstanding targeted delivery into the skin to help fight hyperpigmentation and soften the appearance of wrinkles.
- Peptide Complex – Promotes collagen & elastin repair while helping to target the appearance of scars and stretch marks.
- Peptilift – A peptide complex that helps relax the appearance of fine lines and wrinkles to provide visibly smoother, more supple looking skin.
- Collagen Banking Complex – A collagen infusion that aims to help replenish and preserve the life of collagen in skin.
- Blue Tansy™ – Flower extract that contains calming and healing properties while using blue hues to counteract orange tones in the skin.
- Tattoo & Color Fade Protectors – Protects the color and luster of tattoos and tanning results.

KEY SELLING STATEMENT:

Dive into endless color with Devocean™. This marine-inspired infusion is an all light enhancing triple dip, mineral-rich color creator designed to drench skin in waves of collagen rich hydration and NAD+ vitality for vibrant-looking results. Powered by light-activated technology, marine nutrients, and skin-energizing complexes, Devocean™ helps maximize every UV, sunless, and spa session for beautifully radiant, sun-kissed color. A cascade of antioxidant-rich superfruits, sea minerals, and moisture-drenched botanicals helps nourish and replenish the skin, leaving it feeling silky, quenched, and glowingly refreshed. Advanced peptides and age-defying technologies help smooth and soften the look of uneven texture, leaving skin appearing firmer, more youthful, and perfectly sea-kissed. Ride the wave of color straight into the deep, dark Devocean™ - where glowing skin is always on the horizon. Formulated for use in all light units.
