

DOUBLE DARK BLACK CHOCOLATE COCONUT CREAM™

ULTRA-ADVANCED 400X BLACK BRONZER

brown sugar®
BLACK CHOCOLATE™ COLLECTION

13.5 oz bottle | 0.75 oz packet

ABOUT THE PRODUCT

A darkness that demands attention, Brown Sugar Double Dark Coconut Cream Tanning Lotion evokes never-ending waves of color with lush coconut that can't be ignored. This ultra-advanced 400X black bronzer is crafted in small batches with natural, intensely dark bronzing ingredients until it's worthy of the "Double Dark" name, then blended with absurd amounts of creamy coconut and dark chocolate extract for conditioning that leaves your skin and tan in a state of complete bliss. Black Chocolate and Argan extracts nourish with potent antioxidants, while a Quadruple Coconut Cocktail and Max Silicones melt into skin for astonishing softness and a smooth, lavish sheen. Rare, opulent and sinfully indulgent, it's the perfect recipe whenever you're ready to take your Black Chocolate glow to its darkest, most decadent Coconut Dream.

Made in USA with Globally Sourced Ingredients

KEY INGREDIENTS
