

DOUBLE DARK WILD SIDE™

400X ULTRA DARK JAMAICAN BLACK CASTOR OIL WILDBRONZER

brown sugar®

DOUBLE DARK™ COLLECTION

13.5 oz bottle | 7.5 oz bottle | 0.75 oz packet

ABOUT THE PRODUCT

Sometimes you just have to let your wild side show. This 400X Ultra Dark Jamaican Black Castor Oil Wildbronzer introduces a whole new definition of bronzer, using nature's most potent extracts to achieve a level of color, radiance and conditioning so brazenly dark it deserves a category all its own. Ultra-dark Jamaican Black Castor Oil gives your tan breathtaking brilliance and tone, while double the amount of carrot oil pushes your bronze straight to the wild side. A clean beauty blend of wild extracts and natural oils pampers skin so it feels soft, smooth and deeply conditioned, finished with a bold Mandarin Coconut fragrance. Perfect for tanners who want their color rich, their skin pampered and their bronze as untamed as their glow.

Made in USA with Globally Sourced Ingredients

KEY INGREDIENTS

- Castor Oil
- Wild Thyme Oil
- Carrot Oil
- Coconut Oil
- Caffeine

FRAGRANCE

Mandarin Coconut - coconut, orange zest, mandarin, jasmine, lemon peel, vanilla, amber, musk

BENEFITS & FEATURES

- 400X Wildbronzer: Completely new 400X Wildbronzers utilize nature's most potent extracts for plateau-busting ultra-dark color that lets your wild side show
- Jamaican Black Castor & Carrot Oil: Ultra-dark Jamaican Black Castor Oil gives your tan a breathtaking brilliance and tone while carrot oil pushes your bronze all the way to the wild side
- Radiance & Conditioning: Clean beauty blend of wild extracts and natural oils delivers rich conditioning so skin feels soft, smooth and brazenly radiant with every session
- Delivers plateau-busting deep bronze with rich conditioning for a brilliantly toned and pampered glow

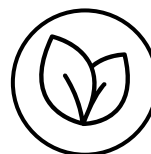

HOW TO USE

Apply evenly to clean, dry skin before indoor tanning, avoiding sensitive areas; wash hands thoroughly after use.
