

13.5 oz bottle | 0.75 oz packet

ABOUT THE PRODUCT

This 2-in-1 ColorFuse red light and advanced tanning lotion is powered by an Age-Defy Complex that fuses elevated red light technology inspiration with natural tanning ingredients for remarkably youthful-looking skin and color worthy of envy. A potent blend of peptides and hyaluronic acid helps condition skin, while green tea and aloe extracts deliver antioxidants and hydration for a fresh, healthy-looking glow. Designed for use alongside red light and UV tanning routines, it provides a rich, streak-free bronze while leaving skin soft, supple and refreshed. Perfect for anyone who wants their tanning time to double as a luxe, youth-boosting skincare moment.

Made in USA with Globally Sourced Ingredients
