Directions: Shake well before using. Apply to freshly exfoliated skin in a well-ventilated area. For full body coverage, hold mist 10" away and spray with a continuous, side-to-side motion. Use sparingly on hands, face and feet. When spraying your face, close your mouth, your eyes and hold your breath. Wear dark, loose clothing after application. Rinse at 2 hours for a medium tan, rinse up to 3 hours for a dark tan. Lasts 7-10 days. Professional Tip: Allow product to fall onto the skin. It's best to feel it, not see it.
