- Rejuvenation Blend
- Ink-Drink® Complex
- Dermatologically Tested

More Information on 2<sup>nd</sup> page

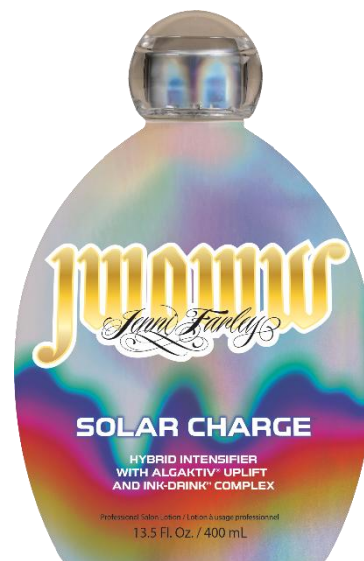

## FRAGRANCE

Red Berry Rush – Red Berries, Pomegranate, Orange, Jasmine, Rose, Amber & Musk.

## HOW TO USE

This product is intended for UV tanners or red-light users. Generously apply the product to the skin in a circular motion before the first session of the day. This product helps deepen color and intensify red-light results. For best results, pair with a facial intensifier and tan extender for prolonged results. Avoid contact with eyes and delicate facial skin.

## LOTION TECHNOLOGIES

### HYBRID TECHNOLOGY

- **Hybrid Peptide Power**
  - **Melanin-Activating Peptide** is known to help improve the appearance of plump, firm skin after a tan develops
  - **Acetyl Hexapeptide-8** is known to help tone and rejuvenate the skin, giving the user a more youthful and refreshed feel
- **Maximum Intensity Blend**
  - **Tyrosine** is an amino acid known to accelerate the skin's natural melanin production under UV light
  - **Hydrolyzed Milk Protein** helps moisturize your skin and aids in nourishing it for an improved feel and increasing hydration for a better-looking tan
  - **Raspberry Fruit Extract** helps to hydrate and rejuvenate skin for a superior tan

### SKINCARE TECHNOLOGY

- **ALGAKTIV® UpLift** has been shown to:
  - Improve the appearance of skin firmness by up to 11% in 28 days\*
  - Help reduce the appearance of stretch marks in 28 days\*
  - Increase skin's moisturization by up to 13% in 56 days\*
  - Improve the appearance of skin elasticity by up to 5% in 56 days\*
- **Silicone Skin Surge** is a blend of luxurious silicones that glide across the skin, leaving it velvety soft

- **Rejuvenation Blend**
  - **Glycerin** helps draw water into the surface layers of skin, relieving the feeling of dryness.
  - **Coconut Oil** helps seal in moisture for long lasting hydration
  - **Safflower Oil** helps nourish skin, leaving it soft and supple
  - **Glyceryl Dilaurate** helps protect against trans epidermal water loss
- **Ink-Drink® Complex** is a combination of Raspberry Leaf Extract, Beeswax and Shea Butter that work together to moisturize the skin and help protect against tattoo fading
- **ATO Inhibitor** helps prevent unpleasant after-tanning odors and leaves skin smelling fresh through the day

\*Instrumental result; based on an in-vivo study of 10 subjects using a hydrogel containing 1% ALGAKTIV® UpLift twice a day.
