TAN ASZ U™

MIDNIGHT MIAMI™

13.5 oz bottle | 0.75 oz packet

ABOUT THE PRODUCT

Vibrant vibes and sultry nightlife inspired Tan Asz U Midnight Miami Nightlife Glow 400X Bronzer, a lotion so dark it compels you to live freely and boldly in the moment. Nightlife Glow 400X Color-Capture Bronzers give skin bold color that accentuates depth and highlights, while a Hyaluronic and Ceramide cocktail delivers intense hydration and nourishment for an alluring radiance. An advanced Ink intuition tattoo enhancing complex helps body art stand out strong and beautiful, and caffeine adds an energizing touch so you and your tan look revitalized. The clean beauty formula is finished with the Miami Vice fragrance that channels warm nights and city lights. Miami comes alive after midnight, and that energy and sexiness is mirrored in a darkness and radiance that can't be ignored; with beauty, confidence, exhilaration, it's time for the best you to shine.
