BENEFITS:

- Electric Triple Bronzing Blend – A high-voltage fusion of DHA, natural and cosmetic bronzers plus plateau-breaking technology that shocks skin with an instant surge of deep, dark color while continuing to intensify for even richer, more dramatic results.
- Sea Moss – A mineral-rich marine superfood that helps replenish essential moisture, leaving skin feeling deeply hydrated, soft and supple with a fresh, luminous glow.
- Bronze Boost Complex – A combination of dark tan activators, carrot & argan oils to stimulate melanin activity for enhanced pigmentation. Penetrates through dry layers of skin for softer, longer lasting results.
- Hyaluronic Acid – A gentle blend of agents that work to hydrate the skin to promote a bouncy, plump appearance.
- Superox C™ – A specialty derived blend of Kakadu Plum that works as a potent antioxidant and contains micronutrient benefits that protect against environmental damage.
- Electrolytes – Help support the skin's moisture barrier and maintain optimal hydration while soothing the look of visible redness for softer, smoother and more balanced-looking skin.
- Watermelon Extract – A juicy, antioxidant-rich hydration booster that drenches skin in refreshing moisture while helping leave it looking plump, smooth and luminous.
- Tattoo & Color Fade Protectors – Protects the color and luster of tattoos and tanning results.

KEY SELLING STATEMENT:

The beach has no boundaries and your color shouldn't either because Nobody Owns The Beach™. Turn up the volume and dive headfirst into an endless rush of electric bronze color that was never built to blend in! This blackout-dark bronzing formula is where immediate bronzing results collide with a tropical surge of delayed color for a bold, beach drenched look that only gets darker with time. Waves of skin-quenching hydration and refreshing watermelon powered moisture helps keep skin looking smooth, vibrant, and luminous, while advanced color-boosting technologies push your tan past ordinary and straight into legendary. The vibe is fearless. The glow is unapologetic. The results are impossible to ignore.

Because the sun shines on everyone... and Nobody Owns The Beach™.
