

ROAST DARK TANNING MIST

Item #86464

Scent: Coffee

Description: The Roast Tan Mist is your secret to achieving radiant skin effortlessly. Infused with caffeine,

this innovative formula goes the extra mile to tone cellulite. Indulge yourself in the invigorating coffee aroma, transforming your self-care routine to a decadent experience.

Directions: Before use, exfoliate with Roast Coffee Scrub. For full body coverage, hold Roast Tan Mist 10" away from skin. Spray with a continuous, side-to-side motion in a well ventilated area. Use sparingly on hands, face and feet. When spraying your face, close your mouth, eyes and hold your breath. Wear dark, loose clothing after application. Allow 8 hours for tan to develop before showering. Lasts 7-10 days. Professional tip - allow product to fall onto the skin. It is best to feel it, not see it.
