ABOUT THE PRODUCT

Evoke the beauty and desire of the most exotic beaches on Earth with Tan Inc Sea It To Believe It Tanning Lotion. The mystique of the sea unlocks its hidden treasures in a 300X sapphire hue shimmer lotion that uses anti-orange technology to help create an ideal shade of bronze, as if your color were kissed by a Tahitian sunrise. Sapphire micro-shimmer lays a subtle, mesmerizing veil over skin to capture depth and highlights, while a vitamin sea infusion of Vitamin C, sea minerals and carrot oil nourishes for advanced radiance and a smooth, healthy-looking glow. The clean, vegan indoor/outdoor formula lets you enjoy your tan on sand or in the bed, so your waves of color can dazzle day after day - making every beach moment feel a little more spellbinding.
