LINE STORY

Uncover the secret to building beautiful, bronze color from the inside out. Its classy and elegant blend easily glides on the skin and leaves a refreshing aroma. Developed with dynamic skin care and tanning technologies, the Tektōn® Collection will exceed your expectations.

COLOR TECHNOLOGY

BronzeActiv®: Infused with Black Pepper, this blend aims to naturally promote flawless color development inside and outside of the tanning bed.

CuO2® and TRF™: Innovative technologies that utilize Copper and Oxygen to further advance bronze color to a darker state.

Natural Bronzers: A fine-tuned mixture of Caramel and Annatto provide immediate color results.

SKINCARE TECHNOLOGY

Tektōnic Technology®: Revitalize the skin while shielding it from environmental pollutants to achieve a youthful and radiant glow.

Cocoa Extract: Condition the skin with this vital ingredient that protects against free radicals and promotes a toning effect to skin.

Hybrid Enhance: Utilizes hydrating and pH Balancing ingredients designated to boost collagen production and Wellness Light benefits.

Marine Enzyme: Is a light activated enzyme that helps protect the skin's barrier and promote healthier skin.

Dual Peptide System: This age-defying blend is inspired by natural processes of skin regeneration. It helps improve the appearance of fine lines and lessen the depth of wrinkles for a more youthful appearance.
