#### LINE STORY

Let the Total Immersion™ Tan Extender bring out your best tan! The Crimson Sea Copper enhances tanning results with ocean nutrients for maximum hydration, while Vitatan® combines vitamins, minerals, and antioxidants to revitalize skin and promote a base tan. The age-defying Deep-Sea Blend soothes and smooths skin while boosting ultra-dark tanning results. Keep that summer glow all year round with the Total Immersion Tan Extender Step 3!

#### SKINCARE TECHNOLOGY

**Vitatan®:** Rejuvenates the skin with a unique blend of vitamins, minerals, and antioxidants that help to smooth and revitalize nutrients, assisting the skin in developing a base tan.

**Crimson Sea Copper:** Infused with ocean nutrients, this blend accelerates and builds the ultimate golden color while treating the skin with a splash of hydration.

**Deep Sea Blend:** This age-defying blend provides skin-soothing and smoothing benefits while enhancing tanning results for an ultra-dark color with ingredients like Marine Algae after a UV or tanning session.

#### AVAILABLE SIZES

18oz Bottle

#### ADDITIONAL INFORMATION

This revival of Total Immersion™ features similar technologies with an exciting new look!
