PRODUCT STORY— *Mystical Collection*

Switch up your frequency for great skin and a bronzed complexion to amplify confidence! 35X Vivid Bronzing Complex combines DHA and Caramel for ideal tanning results. Utilizing Allosteris and Green Tea, High Intensity Wellness supports collagen and age-defying peptide proficiency to maximize your multi light session and UV. Power Duo and Electric Peptide aid in stimulating collagen production and protection. Specialized silicones in the Luminous Glaze gives an even, smooth finish for radiant skin. We're all on the same Wavelength™!

COLOR TECHNOLOGY

35X Vivid Bronzing Complex: Experience a flawless harmony of DHA and Caramel that gifts an instant hue to the skin and continues to develop for a vibrant tan.

SKINCARE TECHNOLOGY

High Intensity Wellness: Endure the intertwining frequency of two powerhouse ingredients, Allosteris and Green Tea. With age-defying peptides and powerful antioxidants, the maximum benefits and collagen production is intensified during wellness light sessions and UV.

Power Duo: Ignite the dynamic duo of amino acids and unleash the process of collagen synthesis giving everlasting effects to replenish skin elasticity and boost strength throughout body features.

Electric Peptide: These electric peptides are shown to reduce collagen degradation to help protect the already existing collagen, to simultaneously ensure collagen levels are maintained with its electric peptide power.

Luminous Glaze: Uses a wave of silicones that deliver a variety of benefits such as increased absorption, high spreadability and luminous skin.

AVAILABLE SIZES

13.5oz Bottle | .5oz Packette
