Tanning Benefits

- **Tan Maximizers:** Enhances Melanin production during UV exposure for darker tanning results in a shorter period of time.
- **Tyrosine:** Amino Acid that helps to increase melanin production to enhance the body's natural tanning process for a more effective tan.
- **Cosmetic Natural Bronzers:** Natural streak free bronzers provide instant color to even skin tone for a smooth, flawless appearance.
- **DHA (Dihydroxyacetone):** Tanning agent commonly used in sunless formulas. A Keto Sugar derived from Sugarcane; it reacts with proteins on the surface of the skin to create the look of a tan by staining the upper levels of the skin lasting up to 8 days.

Red Light Therapy Complex

- **Copper Peptides:** Naturally occurring Amino Acids that help produce collagen and elastin while reducing the appearance of fine lines and wrinkles.
- **Rose Quartz Extract:** Rose Quartz helps to boost circulation in the skin, brightens complexion and leaves skin looking radiant. This superior antioxidant works to boost cell turnover and collagen synthesis.
- **Niacinamide:** This Retinol alternative helps to restore skin's defense against moisture loss, evens out skin tone, builds keratin and restores the lipid barrier. Suitable for all skin types, it helps prevent premature signs of aging and boosts collagen.
- **Ferulic Acid:** This plant-based antioxidant is known for its anti-aging properties. Ferulic Acid fights free radicals while boosting the effectiveness of other antioxidants such as Vitamin C and E protecting overall skin integrity.

Skin Care Benefits

- **Aloe Vera:** An extract from the leaves of the Aloe Barbadensis plant known to have healing and soothing properties. It also helps condition, rejuvenate and restore moisture balance to the skin.
- **Vitamin B5/C/E:** Our Vitamin blend is packed with antioxidants that shield skin from free radicals and stimulates collagen synthesis. Panthenol or Pantothenic Acid is an essential nutrient for healthy skin that is a humectant to hydrate and retain moisture in the skin. Ascorbic Acid helps to brighten, soothe damaged skin, and reduces the appearance of fine line and wrinkles. And Tocopheryl Acetate helps protect against sun damage, conditions skin and maintains skin's natural moisture barrier.
- **Argan Oil:** Argon Oil is high in Vitamin E. Helps condition, nourish, smooth, soften and moisturize.
- **Monoi de Tahiti Oil:** From Tahitian Coconut and Tiare (Gardenia) Flower, this blend deeply hydrates the skin without stripping its natural oils to nourish, condition and soothe skin. Anti-Aging properties help increase skin elasticity and prolong the life of a tan.
- **Sugar Cane Extract:** Known to improve Collagen and Hyaluronic Acid synthesis in the skin, which decreases appearance of wrinkles and fine lines. It is packed with lactic acids that keeps the skin smooth and hydrated.
- **Caffeine:** Helps reduce puffiness and the appearance of fine lines and wrinkles.
- **Algae Extract:** Rich in essential Amino Acids, Vitamins, Minerals and trace elements. Has been known to help regulate cellular metabolism and activate protein synthesis. Ideal for firming and revitalizing skin.
- **Super Saccharomyces Blend:** AKA SSB, this proprietary blend is composed of 5 essential minerals that help to improve skin barrier, maintain skin tightness, reduces inflammation, and accelerates tanning.
- **Mango Extract:** A rich Vitamin C antioxidant, Mango Extract supports Collagen production, helps prevent sun damage, and hydrates skin.
