

Zimride by Enterprise is Virginia Tech's private online ride-matching service that easily connects drivers and passengers heading to the same area, making it a great solution for taking weekend trips or coming home to visit on breaks. The platform's unique approach to ride-matching allows members to link their profile to their Facebook page.

Benefits for Students & Parents:

- Easy to sign up and create a profile at zimride.com/vt.
- Zimride is only available to members of the Virginia Tech community who have a valid CAS username and password.
- Allows students to find rides home for breaks without having to bring a car to campus.
- Saves on car related expenses such as parking permits, insurance and gas.

Still have questions? Check out our safety features at www.zimride.com/safety or contact us for more information. To have your student sign up, go to zimride.com/vt.
