

Quickly and easily identify safety events by date, driver, or address, and request video to see **WHAT REALLY HAPPENED.**

Let drivers drive. We'll handle the rest.

The Solution

Magnif-Eye, powered by 3rd Eye® Digital provides fleets with the opportunity to understand the “what-ifs”. Thanks to the intelligent 3rd Eye on-board system with connected cameras, you are always recording. Through our easy-to-use interface, you can identify a point in time and/or an address, and request a Magnif-Eye vehicle event. These events contain video that can help you understand what truly happened, with irrefutable, documented video proof.

When it comes to safety, we care! 3rd Eye provides the tools needed to easily create safety events yourself, and our team of experts are on call if you need a helping hand.

When situations arise where additional information is needed, it's important to get it quickly. Our built in distribution controls allow you to easily download and share these events on demand. With 3rd Eye as your partner, you'll have a powerful tool that helps you make better decisions, faster.

3rd Eye complete fleet management solutions.

Magnif-Eye - On-Demand Safety Requests

Innovative solutions that educate drivers on equipment, help you understand liability, and improve bottom lines.

The Challenges

As a fleet manager, it's difficult to manage your team after they're dispatched. With your entire team out in the field working hard to ensure your company's success, anything can happen, at any time. Have you ever found yourself in a “he said, she said” situation where a team member explains their side of a story, and an outside party provides another? Unfortunately, these situations occur all too frequently. Without indisputable proof, these situations can have devastating consequences, requiring tough decisions. The types of decisions that can change people's lives, and leave you unsure of what was right and what was wrong.

That's where the Magnif-Eye® module with On-Demand Safety Requests can make all the difference. With Magnif-Eye at your side, you can go back in time and request an event recording from the vehicle's 3rd Eye system, allowing you to review and determine the truth about what really happened!
