Photo credit: The rapper's delight in the Sugarhill Gang was the first hip-hop song to go gold. He told him to give hippy hippies to hip-hop, and he told Bang Bang Boogi that he couldn't stop rocking and jump on the beat by jumping on the boorie's rhythm. Between completing the lyrics to this song and reading this article, you may be at a crossroads now. Come on; Sing a little more if you can - we're right there with you... Now what you hear is not a test - I'm rappin bits and me, home, my friends are trying to move your feet to see that I'm a wonder microphone and I'd like to say hello to black, white, red, brown, purple and yellow, done? No? But first you have to bash the boody to the boories let the bang boogibawi, you won't stop rocking riddles that will make your body rock... If you make it to this verse and still have more lyrics on you, you probably know from one of the first hip-hop songs ever recorded, or rap, singing - the rapper's delight by the Sugar Hill gang. You can remember the song when you first hit the gold-galloping prayer, or you could blink at your little grandmother in the Adam Sandrer movie Wedding Singer. It's true that the song won gold in October 1979 for its first hip-hop song, but it doesn't mean it's the beginning of hip-hop. Another thing to sort out is this: If you think hip-hop and rap are synonymous, you're a little off the mark. It's correct to say that rap is hip-hop, but it's not entirely accurate to say that hip-hop is rap. Hip-hop is a cultural movement similar to Art Deco and the Harlem Renaissance, and like these movements, it incorporates a number of elements. Most hip-hop historians talk about the four elements of tag (graffiti), b-boying (break dancing), MCing, and rap. One of the visual elements of graffiti came technically first, but it wasn't part of hip-hop culture because hip-hop didn't exist. DJing and MCing (and eventually rap) started the hip-hop movement, followed closely by dance and style. If you look at the movement from the beginning to today, you can see that these elements have expanded in broader terms: visual art, which includes not only graffiti, but also other graphic art and films, includes a variety of hip-hop dance styles, including MCing, rap, and performance-time physical movements, including clothing and other obstains of fashion lyrics. Poetry also found its home through the words that it was the process of reciting original poetry in hip-hop, or the process of reciting someone else's work in front of a group or audience. It is important to note that performances are not restricted. The realm

of hip-hop, but it has steadily gained a foothold within the movement for several years. If you've ever watched an episode of Russell Simmons' HBO TV series Def C. Jam, which premiered in 2002, you know what it is.
