- Panama
- Rwanda
- South Africa
- Swaziland
- Tanzania
- Thailand
- Uganda
- Zambia

Since the inception of PEPFAR—the U.S. President’s Emergency Plan for AIDS Relief—in 2003, the Peace Corps has been an implementing partner.

1,000 motorcycle drivers trained as health educators in Cameroon; 230 were tested for HIV.

800+ PCVs were funded by PEPFAR to work in HIV mitigation.

PCVs trained 1,022 people living with HIV and caregivers of orphans and vulnerable children in home-based care in Tanzania.

PCVs trained 3,622 caregivers of orphans and vulnerable children to support children affected by HIV in Botswana.

6,818 current PCVs

58% of volunteers worldwide work on HIV-related activities.
